IN CONGRESS, JULY 4, 1776

The unanimous Declaration of the thirteen united States of America,

When in the course of human events it becomes necessary for one people to dissolve the political bonds which have connected them with another and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation. ——— We hold these truths to be self-evident, that all men are created equal, that they are endowed by their creator with certain inalienable Rights, that among these are life, liberty and the pursuit of Happiness. — That to secure these rights, Governments are instituted among men, deriving their just powers from the consent of the governed, — That whenever any form of government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence indeed will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn that mankind are more disposed to suffer while evils are sufferable than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. — Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this let facts be submitted to a candid world. ———

He has refused his Assent to Laws, the most wholesome and necessary for the public good. ——— He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them. ——— He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only. ——— He has called together legislatures at places unusual, uncomfortable, and distant from the Repository of their public Records, for the sole purpose of fatiguing them into compliance with his measures. ——— He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people. ——— He has refused for a long time after such dissolutions, to cause others to be elected, whereby the legislative powers, incapable of Annihilation, have returned to the People at large for their exercise; the state remaining in the mean time exposed to all the dangers of invasion from without and convulsions within. ——— He has endeavoured to prevent the population of these states; for that purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their migrations hither, and raising the conditions of new Appropriations of lands. ——— He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary Powers. ——— He has made judges dependent on his Will alone, for the tenure of their offices, and the amount and payment of their salaries. ——— He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our People, and eat out their substance. ——— He has kept among us, in times of peace, Standing Armies, without the Consent of our legislatures. ——— He has affected to render the Military independent of and superior to the Civil power. ——— He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our Laws; giving his Assent to their Acts of pretended Legislation: — For Quartering large bodies of armed troops among us: — For protecting them, by a mock trial, from punishment for any Murders which they should commit on the Inhabitants of these States: — For cutting off our Trade with all parts of the world: — For imposing Taxes on us without our Consent: — For depriving us in many cases of the benefits of Trial by Jury: — For transporting us beyond Seas to be tried for pretended offences: — For abolishing the free System of English Laws in a neighbouring Province, establishing therein an Arbitrary government, and enlarging its Boundaries so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies: — For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Governments: — For suspending our own Legislatures, and declaring themselves invested with Power to legislate for us in all cases whatsoever. — He has abdicated Government here, by declaring us out of his Protection and waging War against us. ——— He has plundered our seas, ravaged our Coasts, burnt our towns, and destroyed the lives of our people. ——— He is at this time transporting large Armies of foreign Mercenaries to compleat the works of death, desolation and tyranny, already begun with circumstances of cruelty & perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the Head of a civilized nation. ——— He has constrained our fellow Citizens taken Captive on the high Seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands. ——— He has excited domestic insurrections amongst us, and has endeavoured to bring on the inhabitants of our frontiers, the merciless Indian Savages, whose known rule of warfare, is an undistinguished destruction of all ages, sexes and conditions. ——— In every stage of these Oppressions We have petitioned for Redress in the most humble terms: Our repeated Petitions have been answered by repeated injury. A Prince whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free people. ——— Nor have We been wanting in attentions to our British brethren. We have warned them from time to time of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voices of justice and of consanguinity. We must, therefore, acquiesce in the necessity, which denounces our Separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace Friends. ———

We, therefore, the Representatives of the united States of America, in General Congress, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by Authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be, Free and Independent States; that they are absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as Free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do. ——— And for the support of this Declaration, with a firm reliance on the protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.

MISS REBECCA BURTT

DEDICATION OF THE SOJOURN

TO

SENIOR ADVISORS

MISS REBECCA BURTT

AND

MRS. EILEEN KIESER

We the Class of 1976 dedicate this yearbook to our two senior advisors, Miss Rebecca Burtt and Mrs. Eileen Kieser.

We feel that Miss Burtt and Mrs. Kieser have been the motivating force behind the success of all our high school events. Particularly, do we owe them our thanks for the success of our auction and Junior Prom. They have shown a sincere interest in our class, and we not only respect them as teachers, but also as friends.

And so, to thank you in some small way for all you have done, we dedicate our 1976 yearbook to you both.

TREASURES

There are many treasures in life to be won,
The treasure of knowledge, the treasure of fun;
The band playing gaily, each sport in full swing,
Many a memory later will bring.

For some, school was just another chore,
But for others, it meant so much more —
A hope in the future to help mankind,
This is a treasure many will find.

The teachers guided us as we went along,
Although, at times, we thought they were wrong.
They were trying to help us develop our best,
So that we could meet challenges in life's test.

Memories are treasures that never will fade,
All the good times, and the friendships we've made.
To some, treasures are gold; to others, silver and jade,
But to the class of 1976, they are accomplishments made.

TO THE MEMBERS OF THE CLASS OF 1976

This year has afforded an opportunity for each individual player to experience phases of High School competition. It has brought together a selected collection from life which emphasized desire and determination.

The patience, time and care that unfolded during this season was symbolic of the pride at Norton High School. It has been stimulating and enjoyable to be a part of a team that has shown it is alive and growing to meet its challenges. Soon you will look back pleasurably on the year of a 3 and 7 season and say that was the beginning, the year we played with pride and dignity.

The coaching staff and I bid a farewell to the players that are leaving and welcome the new and old aboard for the 1976 season.

Thank you, the student body of N.H.S., for your support.

Hurt by the losses of Leo Dean and Bruce Larson through graduation, the team was strengthened by Senior Rick Miller and newcomers Larry O'Donnell, Miguel Cordoba, and Todd Reed.

The return of Anderson, Varney, Reed and Cordoba, along with the steady improvement and hard work of Alan Helmreich, Mark Hubatsek, and Peter Hosford, could keep the Lancer Harriers on top again next season.

The fall of 1975 marked the second year of existence for the Girls Field Hockey Team, coached by Catherine Kunz, and revealed much improvement over the preceding year. Although the girls cannot boast of a winning season, many of the game scores do not express the close rivalry in competition. Two victories and one tie were achieved during the season, even though the opposing team often had years of experience over the rookie Norton team.

Goals were scored by Lee Ann Ells, 4; Debbie Fillian, 2; Kathy Etter, 2; and Beverly Munns, 1. Defensively, Melinda Shaw excelled in performance, as did the two goalies, Ruthann Scaringi and Sandy Tremblay. The team as a whole, expects a good season next year, with only three of its players graduating. Schedule: Norton 3 Taunton 0; Norton 0 Case 2; Norton 1

Julie Milot was elected to the first team All-Stars in the Southeastern Conference.

1975-76 VARSITY BASKETBALL

When the 1975-76 basketball season began, there was much optimism as to how the Norton Lancers would do. It was a senior dominated team with very little varsity experience. The talent was there but would these young men function as a team. Well, it turned out better than expected. The team finished with a record of 16 wins, and 3 losses, and a Co-championship in SEMass Division III with Dighton-Rehobeth, the finest record in the Attleboro area, and one of the finest records in Norton's History.

Norton's season started with impressive wins over Blue Hills, two over Avon, and Mansfield. Then the league schedule began with hard fought victories over New Bedford Voke, St. Anthony, and Westport. The Lancers then ran into two heartbreaking defeats to Diman and D-R, where the games could have gone either way. The Lancers then went on a seven game win streak with an important victory over D-R which was the climax of this streak. The Lancers being a little down emotionally after the D-R game met a good Bourne team and were narrowly defeated by two points. This left them in a tie with D-R, and that's how it would stay as the Lancers won their final two games a nine point win over Case and an exciting three point win over Mansfield culminating their regular season.

The Lancer Team was led by their co-captains Bruce Spencer who was the team leader and Don Withers the team's leading scorer at 15 points a game. The other starters were: senior Jay Anderson who was one of the team's best defensive players, the other, Brian Larson also a starter. The other starter was Junior Glenn Anderson the team's second, leading with a 12 point per game average. There were others who contributed, while coming off the bench; seniors Vern McKillop, Joe Burchill, Bill Cheetham, Doug Anderson, and Junior Andy Busmanis.

The season was a fine one, and with three capable starters returning, and a strong J.V. team and under Coach Howard Kelley's fine direction, the Lancers should have another great season.

Maybe next year, we'll make first string!

Now for my next trick!

What's he think he's doing!

And away we go!

Pow! — Bam! — Smack!

Tickle — Tickle — Tickle!

Let me see!!

VARSITY

The Girl's Varsity Basketball team finished their season with a 6-12 record. The team had looked forward to a better record but some close games and strong competition dissappointed their hopes.

Senior co-captain Kathy Etter led the team with a 13 point scoring average and also as the defensive stand out with 15 rebounds per game. Senior co-captain Lee Ann Ells and sophomore Linda Mueller were the outstanding playmakers, while sophomores Melinda Shaw, Cheryl Swinimer, and Junior Susan Chu did an excellent job as the team's forwards.

The returning varsity players are looking forward to a winning season next year.

JUNIOR VARSITY

The Girl's Junior Varsity basketball team had a very good season and compiled an 8-10 record.
The team's high scorers were Captain Ruth Ann Scaringi, Jill Broyles, and Debby Fillion.
Next year's J.V. team will be a more experienced team which should do evem better than this year's team.

The 1975 Norton High Track season proved to be an exciting year for Coach Gaides. While finishing with a seven win and five loss season, the track team kept Gaides' "never having a losing season" record intact.

The season began with a loss to powerful Old Rochester but they won their next two league meets rather convincingly over Wareham and Bourne. The Lancers then lost a heartbreaking grudge match to the defending champions, Diman, and finished strong by beating Bishop Connally and New Bedford Voke.

Coach Gaides hopes to continue his winning ways in 1976 while having the benefit of a track for the first time.

Captain Leo Dean led the Lancer squad with immeasurable contributions from seniors Ricky Perry, Burce Larson, Imants Reks, Raymond Hicks and Scott Johnson. Junior Bill Cheetham shattered the shot put record several times while also eclipsing the discus record. Darryl Brown, also a junior, broke both longjump and triple jump records. Bruce Larson and Leo Dean rewrote the record books in the 440 and mile respectively while Don Withers raised the high jump mark.

Girls' Softball

The 1975 Girls Softball Team, coached by Donna Archibald, excelled both individually and as a team. Although a 4-8 record does not reveal a winning season, the team improved continuously. The team hopes for a better season next year, with many of its veteran members returning.

Linda Mueller and Julie Milot, due to their outstanding performances in game play throughout the season, were chosen as members of the 1975 All-Star Team in the Southeastern Conference league.

The Norton Tennis team in its second year of league play had a record of 4 wins and 12 losses. The wins were against Dighton-Rehobeth, Case and West Bridgewater (twice). The captain of the team and winner of the most valuable player award was Howard Landis. Peter Booth, who shared the number one spot on the ladder with Landis, was the winner of the John F. Kennedy Award. Scott Pinkman won the most improved player award. The team has six returning lettermen: senior Ray Lombard, juniors Scott Pinkman, Miguel Cordoba and Gordon Landis, and sophomores Peter Booth, Enrique Cordoba and Gerard Spence. The team will be looking to even off its won-lost record and make its way into the State Tournament.

The 1975 edition of the Lancer Varsity Baseball Team, although compiling a poor record in a tough division, played with spirit and dedication. The season featured a big 11-6 win over Old Rochester as the Lancers pounded out a six year high of 16 hits and rode the clutch pitching of Vernon McKillop to victory. State playoff and division runner-up New Bedford Voke also suffered defeat at the hands of the Lancers by a narrow 2-1 score. Sophomore Gene Stuart was the victor allowing the opposition but one hit. The biggest "near miss" of the season was a loss to league winning powerhouse Wareham by a 9-8 score in extra innings. Back to back home runs by Rick LaLiberte and Ray Lange brought the Lancers close, but the big upset was not to be. Other big games included an extra inning loss to Avon despite a towering 2 run homer by Dave Fogerty. Fogerty lost a 1 hitter to Apponequett later in the season by a 1-0 score.

Vernon McKillop received the MVP Award with Richard LaLiberte being chosen as the most improved player. Jim Thurber received the JFK Award and David Fogerty was selected to the league All-Star Team as the starting first baseman. Area newspaper teams also singled out LaLiberte and Vernon McKillop for added recognition.

Overall the Lancers finished a disappointing 2-17, but Coach Philip Gorman welcomes back all candidates next year, as the Lancers lose no one through graduation.

Senator Kennedy, welcomed by Principal Solmonese

Arrival "banner" welcoming the Senator

On October 15, 1975, Norton High School was visited by Senator Edward Kennedy, Senator from our home state of Massachusetts. Mr. Kennedy gave a brief speech and answered questions posed by the student body.

The questions asked by the students dealt with drugs, abortion, women's rights and government. Asked whether or not he would run in the 1976 Presidential race, Kennedy replied in the negative, much to the dismay and disappointment of many of the students.

During the assembly, Senior Class President, Robert Hebert, on behalf of Norton High School, presented a bicentennial fingerbowl to the senator.

Eager hands raised for questions

We need more change.

Historical Dump???

Keep looking. It's around here somewhere.

Thirty-five students from Mrs. McKinley's and Mr. Bartek's U.S. History classes braved sub-freezing weather in early December to take part in a Bicentennial Bike-A-Thon. The two-wheel tour of local historical sites was an 8:00 A.M. to noon field trip for the local history unit of the high school U.S. History course. The tour visited places of historical significance within the town and proceeded from Norton center, out Rte. 140, to Barrowsville, to Chartley, and back to Norton High. Trip highlights included the First Minister's House, Paul Revere's bell in the Unitarian Church, the Jenning's House and the Devil's Foot Prints. Twenty some historical sites were visited.

On October 31, 1975, Norton High held its 1st Annual Halloween Dress-Up Day. A contest was held to judge the best costume in each lunch period. The winners were in Lunch A — Tom Dattolie as a young girl, and Cheryl Jones in Lunch B as an old hag. The day was a complete success, with the students showing great imagination in choosing wearing their costumes. The school is looking forward to many more Halloween Dress-Up Days in the future.

Robert R. Adams Field Scoreboard

The much awaited Robert R. Adams Field was opened on Nov. 15, 1975 with dedication ceremonies preceding the game. The field was named in the memory of Robert R. Adams a 1969 graduate of Norton High School. Bob was an outstanding football player who contributed as much to team spirit as to the scoreboard. We hope that the team will be able to live up to Bob's standards.

Why Walk Alone Teenage Friend?

Let me introduce you to a Friend who will never leave you! He will stick by your side when everyone else flees, and He will take care of every need you have. In fact, He is such a good Friend that He made a way that you can know you're going to Heaven when you die! This Friend is Jesus! Let me show you the way He made for you.

The Bible plainly shows that there are only four things you must know to be saved.

1. You are a sinner.
   Romans 3:23 — "For all have sinned . . ."

2. God has a price on sin — death and hell!
   Romans 6:23 — "For the wages of sin is death . . ."

3. Jesus paid the price.
   Romans 5:8 — "But God commendeth His love toward us, in that, while we were yet sinners, Christ died for us."

4. If you will receive that price as your hope for Heaven and receive Jesus as your Saviour from sin, He will make you His child and will take you to Heaven when you die.

   Romans 10:9 — "That if thou shalt confess with they mouth the Lord Jesus, and shalt believe in thine heart that God hath raised Him from the dead, thou shalt be saved."

Not only do you not have to walk alone again, but by taking Christ as your Saviour, your enternal life is taken care of and you can be in Heaven with Him forever. Who knows? You could die today!

Just now won't you simply ask Him into your heart and life?

Romans 10:13 — "For whosoever shall call upon the name of the Lord shall be saved."

I introduce you to my Friend, Jesus. Will you take His hand?

Captain Don Withers Takes a jump shot.

This year the Norton Lancers basketball team qualified for the SEMass Tech-Tourney. The team with a 16-3 record has already won a tie for the division title. The spirited Lancers went three rounds in the tourney making it to the semi-finals. This is the first team in many years to achieve this great success. And to the team, the coaches, the cheerleaders, and the fans, we would like to say thank you for a fine effort in capturing the spirit of our school.

AUTOGRAPHS

IN CONGRESS, JULY 4, 1776

The unanimous Declaration of the thirteen united States of America,

When in the course of human events it becomes necessary for one people to dissolve the political bands which have connected them with another and to assume among the powers of the earth, the separate and equal station to which the laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation. ——— We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are life, liberty, and the pursuit of Happiness. — That to secure these rights, Governments are instituted among men, deriving their just powers from the consent of the governed. — That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence indeed will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn that mankind are more disposed to suffer while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. — Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this let facts be submitted to a candid world. ———

He has refused his Assent to Laws, the most wholesome and necessary for the public good. ——— He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them. ——— He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only. ——— He has called together legislative bodies at places unusual, uncomfortable, and distant from the depository of their public Records, for the sole purpose of fatiguing them into compliance with his measures. ——— He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the people. ——— He has refused for a long time, after such dissolutions, to cause others to be elected; whereby the Legislative powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the mean time exposed to all the dangers of invasion from without, and convulsions within. ——— He has endeavoured to prevent the population of these States; for that purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their migrations hither, and raising the conditions of new Appropriations of Lands. ——— He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary powers. ——— He has made Judges dependent on his Will alone, for the tenure of their offices, and the amount and payment of their salaries. ——— He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our People, and eat out their substance. ——— He has kept among us, in times of peace, Standing Armies, without the consent of our legislatures. ——— He has affected to render the Military independent of, and superior to, the Civil power. ——— He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his Assent to their Acts of pretended Legislation: ——— For quartering large bodies of armed troops among us: ——— For protecting them, by a mock Trial, from punishment for any Murders which they should commit on the Inhabitants of these States: ——— For cutting off our Trade with all parts of the world: ——— For imposing Taxes on us without our consent: ——— For depriving us, in many cases, of the benefits of Trial by jury: ——— For transporting us beyond Seas to be tried for pretended offences: ——— For abolishing the free System of English Laws in a neighbouring Province, establishing therein an Arbitrary government, and enlarging its Boundaries so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies: ——— For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Governments: ——— For suspending our own Legislatures, and declaring themselves invested with Power to legislate for us in all cases whatsoever. ———

He has abdicated Government here, by declaring us out of his Protection and waging War against us. ——— He has plundered our Seas, ravaged our Coasts, burnt our Towns, and destroyed the lives of our People. ——— He is at this time transporting large Armies of foreign Mercenaries to compleat the works of death, desolation and tyranny, already begun with circumstances of Cruelty & perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the Head of a civilized nation. ——— He has constrained our fellow Citizens taken Captive on the high Seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands. ——— He has excited domestic insurrections amongst us, and has endeavoured to bring on the inhabitants of our frontiers, the merciless Indian Savages, whose known rule of warfare, is an undistinguished destruction of all ages, sexes and conditions. ——— In every stage of these Oppressions We have petitioned for Redress in the most humble terms: Our repeated Petitions have been answered only by repeated injury. A Prince whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free people. ——— Nor have We been wanting in attentions to our British brethren. We have warned them from time to time of attempts by their legislature to extend an unwarrantable jurisdiction over us. ——— We have reminded them of the circumstances of our emigration and settlement here. ——— We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. ——— They too have been deaf to the voice of justice and of consanguinity. ——— We must therefore acquiesce in the necessity, which denounces our Separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace, Friends. ———

We, therefore, the Representatives of the united States of America, in General Congress, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by Authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be, FREE AND INDEPENDENT STATES; that they are absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as FREE AND INDEPENDENT STATES, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and do all other Acts and Things which INDEPENDENT STATES may of right do. ——— AND for the support of this Declaration, with a firm reliance on the protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.
